

## **POLICY 2.52: FINANCE**

Sandburg's educational services and facilities are developed, maintained and used within the resources available to the college. Long-range planning and priority setting for the college district's financial resources are the president's responsibility with approval of the board of trustees and are included in the annual budget, which is the financial resources management plan for all employees of the college. It is the administration's responsibility to develop and adhere to an annual budgetary planning schedule.
