

CARL SANDBURG COLLEGE

SPECIFICATIONS

Furnish two new or used 2022-24 ¾ or 1-ton, 4-wheel drive with gross weight capacity minimum of 8,600 pounds, heavy duty pickup trucks with the specifications listed below. They should also be equipped to handle a full-size snow plow. Bidder's specifications must meet or exceed minimum specifications and must be listed in detail to be considered to be a qualified bidder. All chassis and body specifications shall meet or exceed those specifications as set forth by the Illinois Department of Transportation, Federal Department of Transportation, and Illinois Minimum Safety Standards in effect at time of manufacture.

The final selection will be made on factors including price, availability, service, etc., which we feel to be in the best interest of the college. The college reserves that right to conduct a maintenance background check using the Vehicle Identification number. Questions regarding these specifications should be directed to Ms. Michelle Johnson, Vice President of Institutional Resources, 309-341-5258.

Detailed Specifications
