

# ADMISSION SELECTION POINTS WORKSHEET

## Sandburg's practical nursing (LPN) program

The practical nursing program has limited enrollment and a selection process for admission. After all admission eligibility requirements for placement into the selection pool have been satisfied and you've applied online for the program, the following point system is used for selection into the program. **(If you choose to take BIO 211, you must also successfully complete BIO 212.)** Top scorers receive conditional admission in ranking order based on seats available. All other eligible applicants are placed on an alternate list in ranking order. If students have the same total point count, they're ranked according to the date/time the nursing application was submitted.
