

ADMISSION SELECTION POINTS WORKSHEET

Sandburg's radiologic technology program

Student name: _____ Sandburg ID: _____ Date: _____

The radiologic technology program has limited enrollment and a selection process for admission. After all admission eligibility requirements for placement into the selection pool have been satisfied and you've applied online for the program, the following point system is used for selection into the program. Top scorers receive conditional admission in ranking order based on seats available. All other eligible applicants are placed on an alternate list in ranking order. If students have the same total point count, they're ranked according to the date/time the radiologic technology application was submitted.

Points evaluation					Points awarded
A.	Valid test scores				
	Points	TEAS	SAT	ACT	
	8 pts	90 or >	1440 or >	32 or >	
	6 pts	80-89.9	1280-1439	29-31	
	4 pts	70-79.9	1120-1279	25-28	
	2 pts	65-69.9	1040-1119	23-24	
	1 pt *	55-64	960-1039	21-22	
*Minimum score in one of the categories required for admission to the program					
B.	Highest grade				
	Course grade	A	B	C	
	MAT 109 or 110	3	2	1	
	MDT 100: Med Terminology	3	2	1	
	BIO 211: A&PI ⁷	8	6	4	
	BIO 212: A&PII completed ⁷	8	6	4	
	BIO 212: A&PII enrolled ⁷	2			
C.	Additional points				
	Description			Points	
	*With a proper, completed technologist interview form			2	
	!!High school chemistry or physics, or a more advanced option			2	
D.	Add all points earned.				

Although you may meet the eligibility requirements to apply to the radiologic technology program, your point total may not be enough for acceptance into the program. Contact your academic advisor at 309.341.5237 to discuss ways you might increase your point total and increase your chances of acceptance into the program in the future.

Instructions/notes for each section

- A. Points based on your valid ACT, SAT or TEAS score.
 - a. TEAS scores are valid for two years; SAT and ACT scores are valid for five years.
 - b. TEAS scores from an in-person proctored test are required.

- B. The point value you select should be based on your highest grade in the specified course. MAT 109/110, MDT 100 or BIO 211/212 are Sandburg course numbers. See the Sandburg course catalog for course descriptions.

⁷ All 200-level biology courses must be less than seven years old by the program start.

- C. Points are given based on the completion and return of the technologist interview questionnaire form. This isn't a requirement and is used only for additional point calculations.

[±] The technologist interviewed must be currently working in the field. The technologist interview form must be returned via email by the technologist's employer to receive points.

^{!!} Students who have taken a year of high school chemistry, physics or a more advanced option with a C or better and who submit an official transcript will be awarded additional points.

- D. This is where the points earned in sections A-C are totaled.

A minimum of 10 points is required to be considered for the program.
